

An Announcement from Autism Ontario

It's time for a Change! Like most good things in life, some must come to an end. We regret to announce the end of the **Together for Autism** campaign.

Awareness, what can we do now? We are working hard to create a new Awareness Campaign that anyone can participate in, and everyone can benefit from. The target for a new campaign launch is early in 2011. Stay tuned to our website and e-news for details as they become available.

In the interim, Autism Ontario will continue to educate, advocate, and inform those around us about autism.

Please note: **Together for Autism** is a trademark of Autism Ontario. Any use of the name or branded materials without the expressed consent of Autism Ontario is prohibited.

Questions or comments? Please contact Sandra Scian at 1-800-472-7789 ext 247 or email at sandra@autismontario.com

Thank You! We would like to acknowledge and celebrate the hundreds of people involved in the success of **Together for Autism**. Along with the school boards, we had dedicated elementary, high schools, colleges, universities, private schools, nursery schools, day care facilities, health care facilities, organizations, corporations and personal support in assisting us with fundraising and awareness since the very beginning. Many of you have been committed to the campaign since the beginning.
